Feeling — Loud | Feeling — Vintage | Feeling — Fancy | Feeling — Cute

Whereas disregard and contempt for human rights have resulted

Margins and padding
120px-180px

Text

prototype/
rough idea of
button

My website's visual language will be mainly themed a soft, vintage style, as it reflects me personally snd my artwork

I will also include a lot of angel imagery in my website because I am fixated on angels and i portray them a lot in my artwork.

Buttons may include a hover animation, and will take you to next page on click.
